Read our latest analytical reports, exploring how international partnerships, equity and inclusion are essential for groundbreaking, impactful innovation.

The Netherlands and Japan as Partners in Science, Technology and Innovation

Exploring the common ground

The
Netherlands
and Japan as
Partners in
Science,
Technology and
Innovation

Japan and the Netherlands as partners in *health and medical research*

Advancing human progress together

Japan and the
Netherlands
as partners in
health and
medical
research

Japan and the Netherlands as partners in *clean energy research*

Advancing human progress together

Japan and the
Netherlands
as partners in
clean energy
research

Envisioning Futures: Women's Leadership and Gender Equity in Japanese Research

Advancing human progress together

Envisioning
Futures:
Women's
Leadership and
Gender Equity in
Japanese
Research

Agenda

- 17:00 - 17:05** ● Opening Remarks
by Marc Kuipers, Consul General at the Osaka Consulate General of the Kingdom of the Netherlands
- 17:05 - 17:10** ● Introductory Presentation
